Dear User,

We detect **unusual sign-in activity** on your Microsoft account from a new location.

Due to multiple failed verification attempts, **your account will be permanently disabled within 2 hours** if no action is taken.

To avoid service interruption, you must verify your identity immediately.

👉 Verify your account now:

If verification is not completed, you will:

- Lose access to Outlook and OneDrive
- Emails will be deleted permanently
- Account cannot be recovered later

This is an **automatic security message**, please do not ignore it.

Failure to comply may result in **permanent data loss**.

Thank you for choosing Microsoft.

Regards,
